

Do you fancy a new challenge for the lead up to 2012?

Have you got a few hours to spare where you could make a big contribution to young athletes in Norfolk and get involved in the most exciting time for athletics as we approach the Olympics in 2012?

We only have one qualified race starter in Norfolk who is terribly over-worked throughout the summer athletics season and we really need some help.

Training, guidance etc will be provided through UK Athletics and would be coordinated and funded by Norfolk Athletics Network. If you are interested and would like to find out more please contact Norfolk Athletics Network Coordinator Jane Clarke janetrains@btinternet.com 01603 861335 07748340485.

We would love to hear from you..... Go on, just do it!
